

# Soybiodiesel® Ticks of Approval

|   |                                     |
|---|-------------------------------------|
| <b>LOCAL</b> – Australian wholly owned and based, global manufacturer and distributor.  | <input checked="" type="checkbox"/> |
| <b>PREMIUM FEEDSTOCK</b> – High-quality Soybiodiesel® with consistent and reliable properties continuously through out the year, every year.    | <input checked="" type="checkbox"/> |
| <b>ALL WEATHER</b> – Suitable for all year use, including during winter conditions, due to CFPP of between - 6 and -10°C.                       | <input checked="" type="checkbox"/> |
| <b>NON-POLLUTANT</b> – Non-toxic, non-hazardous, odourless and totally biodegradable. Peace of mind if spills or accidents occur.               | <input checked="" type="checkbox"/> |
| <b>TWICE AS SAFE</b> – Non-flammable and no risk of explosion due to high (> 130°C) flashpoint. Lower insurance costs and less stress.          | <input checked="" type="checkbox"/> |
| <b>ENGINE PROTECTION</b> – Cetane (min 47) in optimum range of OEM's design. Lubricity allows extended service intervals and engine life.       | <input checked="" type="checkbox"/> |
| <b>ECO-FRIENDLY</b> – Suitable for use in all sensitive environmental surroundings, marine and enclosed or underground working areas.           | <input checked="" type="checkbox"/> |
| <b>SUSTAINABLE</b> – 3.50 units of fuel energy gained for every one unit of fossil energy used during the entire life-cycle of Soybiodiesel®.   | <input checked="" type="checkbox"/> |
| <b>TACKLES GLOBAL WARMING</b> – Decreases carbon dioxide emissions by 2.5kg/litre (~80% reduction) during entire life-cycle.                    | <input checked="" type="checkbox"/> |
| <b>RECOGNITION</b> – Soybiodiesel® is the only biofuel with a life-cycle analysis approved by the US EPA and published by US DOE and USDA.      | <input checked="" type="checkbox"/> |
| <b>NO ACID RAIN</b> – Complete elimination of sulphur emissions when using B100 Soybiodiesel®, significant reductions when blended with diesel. | <input checked="" type="checkbox"/> |
| <b>HEALTH BENEFITS</b> – Massive reductions in emissions of particulate matter, carbon monoxide, un-burnt hydrocarbons and methane.             | <input checked="" type="checkbox"/> |
| <b>EARTH CONSCIOUS</b> – No destruction of tropical rain forests or bio-diverse habitats of endangered species in the Soybiodiesel® life-cycle. | <input checked="" type="checkbox"/> |
| <b>FOOD SECURITY</b> – 80% of the processed soybean provides the majority of protein for the human food chain. No conflict with crops for food. | <input checked="" type="checkbox"/> |
